Meet TBRA's Featured Seasonal Cyclist—Bryant Funston

Bryant Funston of Memphis is a Category One racer for Marx-Bensdorf/ BPC Cycling. A father of three, Funston evidently juggles elite cycling and family life with finesse, as he is the 2019 State Criterium Champion. He explains that working, cycling, and family time is all about sticking to a routine and prioritizing.

His favorite moment on the bike this year was helping his teammate Taylor Herron win the Category 2 State Criterium jersey in which they both managed to make the breakaway.

Funston also finds ways to give back through cycling, as he participated in the [Be the Gift](#) Campaign, riding from Chattanooga to Nashville this past April to raise awareness for organ and tissue donations.

Although Bryant's primary discipline is road racing, he can be seen dabbling in cyclocross races in West Tennessee.

Do you know an outstanding TBRA racer who shows great sportsmanship and results? Send us your nomination to info@tbra.org
